Financial Agreement

We are honored that you have chosen us to provide your dental care. Our belief is that all of our **patients deserve honesty, information and respect**. Our agreement exists because of our respect for **your right to know ahead of time** what our expectations are in the area of finances. If you have any questions or concerns about our Financial Agreement do not hesitate to ask any of our office staff.

1. **PAYMENT POLICY:** Payments are to be made at the time of services rendered by cash, personal check and Visa, MasterCard, Discover or Amex credit cards. We also offer a 0% interest Care Credit Dental Treatment Financing Program as an additional option to help you accept your necessary dental treatment.

A treatment acceptance discount is available for treatment plans, greater than \$500. The payment must be paid for **all recommended treatment; on the day treatment is presented**. A treatment acceptance discount of 5% will be given if paid by check or cash and a 2.5% discount if paid by credit, debit or HSA. If any dental benefits are available, the discount will be applied to **only the patient portion of the treatment**.

INITIAL _____

2. **DENTAL INSURANCE:** As a courtesy we will gladly file your dental claims and accept all or partial payment in the form of your insurance benefits, provided you agree to the following:

Your insurance plan is a contract between your employer, the insurance company and you. Merrimack Smiles is not a party to that contract, our involvement with you and your insurance company is a courtesy we provide. As a courtesy to all patients we will verify your dental insurance benefits upon request, to the best of our ability. However, **you are ultimately responsible to know your plan coverage benefits, exclusions and limitations waiting periods, etc**. You should also **be aware of non-covered benefits** such as missing tooth clauses, crown/bridge/denture restorations, bruxism, downgraded limitations for fillings and porcelain on crowns on molar teeth, frequency limits for exams, prophylaxis (cleanings), fluoride and x-rays, etc.

While we may be capable of providing you an estimate of your available insurance benefits, please keep in mind they are **only estimates** and not guarantees. You are responsible to know our fees and not just what your insurance company allows or considers "usual, customary and reasonable", which can vary from one company to another. If your employer changes insurance plans you need to inform us otherwise we will not know a change has occurred and your estimated benefits may not be accurate. Choosing to receive our services indicates your acceptance of responsibility **to pay regardless of our estimate**. **All estimates are subject to final approval by your dental insurance plan**; therefore the amount due is subject to change after final explanation of benefits have been paid.

All **charges not paid by your insurance company are your responsibility** regardless of the reason for nonpayment. **Not all the services we provide for your optimal care are covered benefits**. Covered benefits can differ depending on the insurance provider and type of plan purchased by your employer.

The **estimated amount not covered by your insurance is due at the time of treatment** and may be paid by cash, personal check and Visa, MasterCard, Discover or Amex credit cards. We also offer a 0% interest Care Credit Dental Treatment Financing Program as an additional financing option, to help you pay for your necessary dental treatment.

INITIAL _____

3. **PATIENTS WITHOUT INSURANCE COVERAGE:** We provide written estimate of fees and **payment is expected at each visit for services rendered**.

INITIAL _____

4. **MINOR PATIENTS:** The **parent or guardian accompanying** the minor is responsible for full payment. In the case of divorced or separated parents, the parent accompanying the child is responsible for payment, **without any exception, at the time of service**. **Merrimack Smiles will not attempt to collect payment from a parent that is not present in the office at that visit**.

INITIAL _____

5. **RETURNED CHECKS:** A **\$25.00** charge applies when a check is returned by the bank.

INITIAL _____

6. **LATE PAYMENT FEE AND COLLECTION FEES:** Late payment fees **will be applied to all balances not paid within thirty (30) days of the monthly billing date.** A **late charge of 2.0%** on the balance then unpaid and owed will be assessed each month until paid. It is your responsibility to pay promptly so you can avoid late payment fees. You agree to pay collection costs and reasonable attorney fees incurred in attempting to collect on any outstanding account balance. We understand temporary financial problems may affect timely payment of your balance. In those situations we encourage you to communicate any such problems immediately so we may assist you in the management of your account.

INITIAL _____

7. **OVERDUE BALANCE:** An account with an **unpaid non-insurance benefit balance past ninety (90) days** will be sent to the collection agency. At that time, **you will be responsible for any and all costs incurred in the collection of your debt** including the unpaid balance from our services provided, attorney fees, court fees and any other fees associated with the collection of your debt.

INITIAL _____

8. **CANCELLATION POLICY:** Scheduled appointments are specifically reserved for you. Our method of contact is by email, text messages and phone calls. We will help remind you of your next appointment by contacting you by the preferred method you have identified two (2) business days in advance. If your preferred contact method is by telephone and we are unable to speak with you directly, we will leave you a voice message reminder.

If you cannot keep a scheduled appointment **we require a minimum of two (2) business days advance notice** from the time of your appointment to cancel or reschedule your appointment. This will allow our office adequate time to provide services for another patient in need. **Leaving a message on our office voicemail** the night before or during the weekend for a Monday appointment **does not qualify as two (2) business days advance notice.** If you are more than 15 minutes late to your appointment it will be considered a broken appointment.

We take broken or missed appointments seriously because it can take precious clinical appointments from other patients in need. A \$75.00 broken or missed appointment fee will be charged for each scheduled appointment commitment not met. We reserve the right to dismiss patients from the practice who have a chronic history of broken or missed appointments.

What Is A **DENTAL BENEFIT PLAN** and How Does It Work? (Many people refer to this as “dental insurance”)

A **Dental Benefit Plan** (dental insurance) is a highly complex area that creates confusion for many dental patients. The complexities of a **dental benefit plan** and the lack of sufficient information provided by some insurance companies make it almost impossible for some patients to properly understand their employer provided benefits. Even more confusing is understanding how to properly work with your **dental benefit plan** to achieve the highest level of benefits to which you are entitled. A **dental benefit plan** is never intended to cover all of your dental needs. The plan is intended to assist you in paying for your treatment.

What is a Dental Benefit Plan?

A **dental benefit plan** is a contract between your employer and an insurance company. The benefits that you will receive are based on the terms of a contract that were negotiated between your employer (or yourself for Individual Plans) and the insurance company and not your dental office. The goal of most **dental benefit plan** policies is to provide only basic care for specific dental services. The services selected are based on the cost of the policy to your employer and the negotiated arrangement with the insurance company.

The benefits that you receive from your **dental benefit plan** for your current insurance plan have nothing at all to do with achieving a high quality complete result. Because the benefits you currently have are decided between your employer and the insurance company, many services are not covered. The selection of non-covered services is not based on what you need or want, but is strictly based on your employers contract with the insurance company. This is why so many dental patients become confused about dental insurance. Insurance companies rarely cover 100% of any dental fee and, in many cases, cover less than 50% or nothing at all.

Covered and Non-Covered Services

Unfortunately, some of the services that you may need or want will not be covered by your **dental benefit plan**. Our goal is to help you achieve and maintain optimal dental care, which is not necessarily the goal of your dental insurance company. The goal of the insurance company is to **provide only the negotiated benefits** for the specifically selected services. The reimbursement mechanism from your insurance company is merely a mathematical formula as to which benefits you will receive and the percentage of the dental office fee that will be paid. We do not compromise your care based on non-coverage by your insurance company.

Another fact that most dental patients do not realize is that each benefit plan has a dollar amount limitation (maximum) each year. Once the limit (maximum) is reached, no other services will be covered by your insurance company, regardless how essential the service may be to your dental health.

How Our Office Helps

Our office will assist you in understanding your dental benefits. We work with hundreds of insurance companies and employer plans; therefore it is impossible for us to know all the specifics of your plan. It is in your best interest to read your “plan benefits booklet” and to become familiar with your specific plan, understanding its benefits and limitations. We realize that a **dental benefit plan** is complex and that it is extremely difficult to understand how to make it work. Our office will complete and submit insurance forms to achieve maximum reimbursement to which you are entitled and will work diligently to make this happen as quickly as possible. Please be aware that some insurance companies take longer than others to provide payments. If necessary, our office may contact the insurance company, or we may request your help in these matters.

Predetermination Policies

Upon request many insurance companies will provide a written estimate of dental benefits (predetermination) for costly and complex procedures. Our office will do everything possible to help you maximize the benefits to which you are entitled. In most cases, we can begin treatment prior to receiving an authorization from the insurance company; however, patients need to understand that in the event the insurance company refuses to pay for treatment, you are responsible for all fees. We can provide you with the treatment fees in advance (treatment plan) so that you know the estimated cost of the treatment. A
PREDETERMINATION IS NOT A GUARANTEE OF BENEFIT FOR ANY PROCEDUDRE.

Elective Treatment

Some services are typically not covered by **dental benefit plans**. These may include cosmetic dentistry, implants, occlusion or bite redesign and other services. Although important services that can greatly enhance the quality of life for our patients, insurance companies do not feel that they should have to pay for these services. That is why these services are rarely included in contracts with your employer.
